Recycling Service Program

Residential, Rental Properties and Condominiums

Miami Dade County Recycling Ordinance No. 91-123 requires that all rental property owners and condominium associations are to provide recycling programs to their residents.

The City of Miami Beach provides recycling services to single family homes and buildings of 8 or fewer units with pick up on Wednesdays.

Residents of Miami Beach who reside in a building with more than 8 units are required by County Ordinance to hire, by means of a contract, a private hauler for their regular trash pick-up, recycling and bulk pick-up.

These residents may choose from the four companies that are authorized to collect garbage on Miami Beach as follows:

- | | |
|--------------------|--------------|
| ✓ Waste Management | 305-471-4444 |
| ✓ BFI | 305-638-3800 |
| ✓ Davis Sanitation | 305-653-2379 |
| ✓ Imperial/Lazarro | 305-888-5515 |

As a landlord or condominium association, if you haven't already done so, you should immediately contact one of the above commercial waste haulers or recyclers for recycling services.

Commercial Recycling

Commercial recycling became mandatory countywide in July of 1992. The County Ordinance requires the following:

Owners/Property owners of commercial establishments in Miami-Dade County must provide a recycling program for their employees and tenants, using the services of an authorized waste hauler or private recycling hauler.

The program must recycle three items from the following list of ten: high grade office paper, mixed paper, corrugated cardboard, glass, aluminum, steel, other scrap production metals, plastics, textiles, wood.

Modified Recycling Programs -- those which incorporate modifications, substitutions or reductions to the requirements stated above -- may be submitted to the Department of Solid Waste Management for review and approval.
